

After reading the book 'Holly the Eco Warrior' students from 5th grade created as part of a class reading project, fabulous reading cubes showing, in a very creative way, the setting, plot and characters of the book. Well done !!

As part of an interactive project, our 12th grade students have been working on the translation and handmade creation of different Chilean Tales. These stories will be read to younger classes as part of their unit evaluation. You are all real artists !!!!

What a great time!!! After working really hard on their books, our 12th grade students shared time with a younger class where they could share a funny and amusing time reading Chilean Tales. Congratulations to all who took part of this beautiful experience!

Wow!! Our 4th grades are creating a Comic based on the book "Skater boy" where they have to read and understand the story to be able to re - write it in a comic format... what a great idea to develop reading comprehension skills !!
